

PIPEDREAM PDX ELITE ETENDER PRO VIBRATING PUMP

User manual

CONTROL

- 1) To switch on and off, press the middle "S" button for about 3 seconds. The LED will illuminate when the power is turned on.
- 2) Short presses to switch between the different suction modes.
- 3) Press the "R" button for approx. 3 seconds to release or regulate the vacuum.
- 4) To switch the vibration on and off, press the "V" button for approx. 3 seconds. After switching on, the first vibration mode will start.
- 5) Subsequent short presses of the button switch between the different vibration modes.
- 6) You can extend the pump (20,5-26cm) to adjust the size of your penis . On the upper transparent part you will find the inscriptions "open" and "lock", above which there is a lever used for locking.
- 7) Moving the lever to the "open" position allows you to slide the cover and extend the length of the pump.
- 8) Always move the lever to the "lock" position after adjusting the pump size.

MAINTENANCE

After each use, rinse the product with lukewarm water.

We also recommend using an [erotic cleaner](#), which also helps to remove microscopic dirt.

Simply spray the product, leave it on for about 1 minute and then dry with a towel or cloth that does not leak fibers.

WATERPROOF

The product is **not water resistant or waterproof!**

LUBRICATION

Use only [water-based lubricants](#). Other lubricating gels could damage the surface of the aid and it could become sticky.

DRIVE AND CHARGING

The product is powered by an integrated Li-on battery, which is approximately half charged from the factory, but we recommend that you fully charge it before first use.

Charge the battery using the included USB cable, which can be plugged into a phone adapter, PC or powerbank. When charging, the LED flashes and when fully charged, the LED control lights up permanently.

STORAGE

Store separately from other erotic aids in a dry and dark place.

PACKAGING CONTENTS

In the package you will find a vacuum pump, 3 erection rings and a USB cable for charging.
